

Playground Playtimes

A visit by John Massey to:

Hopping Hill Primary School on 18th October 2011

School's Comments:

John, all children had a really fun filled and practical session when you worked at our school. You were able to motivate children from all age groups and with a variety of learning styles and interests. Reception children through to year 6 were fully involved due to well matched, age appropriate activities and through your rapport with them.

Please comment on the usefulness of the report sent to the school.

I have read the report with interest and am slowly beginning to make some of the changes you suggested. I think the plan is a huge step away from where we are now so will not be fully embracing it all yet - it has raised interesting questions for me to consider.

Thank you for finding time to fill this form. Any comments given can help us improve our services to future schools we visit.

Thank you!

Your day here really was a full day - did you stop to eat at all?

Michelle White - Deputy head.
