

Playground Playtimes

A visit by John Massey to:

St John's C of E School on the 23rd May 2013

School's Comments:

A brilliant day completed during an Ofsted inspection, I'm only sorry I didn't get to see much of it. All groups trained found the materials and ideas very useful. A very packed day and one that I think the school will benefit from.

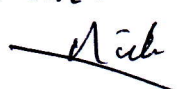

Comments on INSET:

A structured set of games, led very well. As a result of the training a teacher has now been given responsibility for improving our playground time and space and leading MDA's and Play Leaders.

Please comment on the usefulness of the report sent to the school.

An excellent report, full of very useful suggestions.

A great starting point for our improvements.

Thanks for a brilliant day John!

Thank you for finding time to fill this form. Any comments given can help us improve our services to future schools we visit.
